

REMARKS/ARGUMENTS

The claims have been amended to remove multiple dependencies and to place the claims in a format more consistent with U.S. patent practice. No substantive amendments have been made to the claims, and the scope of the claims was not altered. No new matter has been added by way of these claim amendments. If, in the opinion of the Examiner, a telephone conference would expedite the prosecution of the subject application, the Examiner is invited to call the undersigned attorney.

Respectfully submitted,
